

SMART BEGINNINGS: Bronze

This package gets you up and running with basic Control4 automation, so you can control lighting throughout the house, control everything in your entertainment center, and make sure your home temperature is always set just so—when you're home or away, and all with one remote control. For starter smart homes, the EA-1 delivers fast, interactive control and access to lighting, security, music and more.

Quantity Description

1	EA-1 Controller
1	System Remote Control
2	Wireless Light Dimmer (color TBD)
1	Wireless Light Keypad Dimmer (Color TBD)
1	Kwikset Smart Code Keyless Entry Deadbolt (Finish TBD)
1	Smart Wireless Thermostat
3	Face Plates (color TBD; assumes single-gang plastic)
1	8-Port Networking Switch (Control4 Recommended)

Grand Total: \$1996.00

PACKAGE FEATURES:

- The EA-1 Controllers have a sleek, elegant design for flexible installation in a cabinet, on a shelf or in a rack.
- Get rid of multiple remotes on the coffee table! The SR-250 remote controls everything in your entertainment center and features a high-visibility screen and backlit keys for easy viewing, day or night.
- Control4 Wireless Dimmers and Switches control lights, scenes, blinds, music and more.
- The Control4 application is a versatile, dedicated application specifically designed to control your home. It gives you the ability to control any integrated smart technology in your home from just a tap of your finger.
- The Kwikset Smart Code Keyless Entry Deadbolt can be programmed with your Control4 system so that doors lock automatically or, if you prefer, with a push of a button on your smartphone, tablet, or touchscreen—even from your TV!
- The Control4 Wireless Thermostat can be programmed for up to six customizable set points per day, providing you a greater level of comfort, and can be remotely controlled from anywhere you choose.

NOTES:

- Control4's Application will work on local network only, unless yearly 4Sight license is purchased.
- Customer must provide the wireless Internet signal. Wi-Fi is required for Control4 connectivity to tablets and smart phones.
- Option includes up to 6 programmed scenes. Additional costs may be incurred if you want more than 6 programmed scenes.

SMART BEGINNINGS: Silver

This package is the standard for Control4 automation, so you can control lighting throughout the house, control everything in your entertainment center, and make sure your home temperature is always set just so when you're home or away, and all with one remote control. Pair all of this with the robust EA-3 total home controller and an elegant wall mounted touch screen, and your home will be set apart from the others and you'll have a truly smart living experience.

SAFE AND SOUND

Want to protect what's yours? The Cloudbusters Security package keeps your belongings safe when you're not around. With one year of monitoring included with this package, it's sure to bring you peace of mind when you're out and away.

Quantity Description

3	Door / Window contact sensors
1	Motion Sensor
1	LCD Security Keypads
1	Wireless Communication Module

Starting at \$299.00*

PACKAGE FEATURES:

- The wireless communication module allows your security system to function even if the phone lines are cut.
- Get alerted if something bad happens. If your system is triggered, you'll get a phone call letting you know something is happening.
- Secure your home. The door / window sensors paired with a motion sensor ensures that if someone gets inside, your security system will know and so will you.
- One year of monitoring is included with this package. By having your house monitored you'll always have a pair of ears listening for distress in your home.

NOTE:

- More sensors may be recommended depending on the size of the area that needs to be secured.
- The wireless signal requires cellular connectivity in your area. All though very rare, if the area being secured is a "cellular dead zone" a wired connection may be needed.
- 36 month monitoring agreement required.

SECURITY THROUGH SURVEILLANCE

The best way to keep in touch with what's going on with your home is to be able to look in on it. Camera systems installed by Cloudbusters allow you to record and look in on what's happening in your home from anywhere in the world.

Quantity Description

4	High Def (1080p) Security Cameras (Bullet or Dome)
1	High Def Network Video Recorder (1 TB NVR)

Grand Total: \$1996.00

PACKAGE FEATURES:

- Record and look back on video footage.
- Check in on your house in real time from anywhere in the world.
- Deter criminals and live a safer life.

NOTE:

- Internet connection provided by the client is required for remote viewing.
- Cloudbusters does offer larger camera systems upon request of the customer.

VACUFLO CENTRAL VACUUM

Homebuyers who are serious about having a cleaner, healthier home with added convenience and value turn to a Cloudbusters installed Vacuflo central vacuum. Vacuflo's True Cyclonic design ensures maximum vacuum power 100% of the time, eliminating dirt and allergens from the home. With unwavering suction and vacuum hoses that pull directly from the wall, a central vacuum system makes cleaning easier than ever before. Paired with a lifetime warranty and a lifetime of easier cleaning home-buyers find this central vacuum package a no brainer.

Quantity Description

1	Vacuflo Power Unit	
1	Deluxe Cleaning Kit	
1	Vac Pan	
1	Garage/Car Care Kit	
1	Wally Flex	Grand Total (A): \$2610.00
5	Standard Vacuum Inlet (Price Option A) / Hide-A-Hose Inlets (Price Option B)	Grand Total (B): \$3285.00

PACKAGE FEATURES:

- No bags or filters to replace.
- Eliminates 100% of vacuumed dirt, dust and allergens from your home.
- Powerful, high-performance motor delivers reliable, lasting performance.
- Whole-house cleaning versatility with a wide section of cleaning kits and accessories.
- Vacuum hoses that seamlessly pull and retract directly from the wall, so no more tugging around heavy, annoying hoses (Only applicable with the Hide-A-Hose System).
- Cleaning kit made specifically for the garage. Cleaning out your car has never been easier.

NOTES:

- This package is designed for new construction. While it is possible for Cloudbusters to do a retrofit install, the labor may increase.
- More or less inlets may be installed depending on the size of the space that requires cleaning.
- The lifetime warranty applies to the Vacuflo hardware only.

STRUCTURED WIRING

Prepare your home for today's technology and the future. With an overwhelming number of Internet connectible smart devices being installed in today's home, it's vital that you're able to get them online hassle free. With structured wiring you can have Internet cables ran directly to your most crucial devices in any room. Paired with your direct Internet lines, you'll get one high speed WiFi access point.

Quantity Description

1	16 Port Internet Switch
1	High Speed Wifi Access Point
7	Internet Runs/Jacks
2	Phone Runs/Jacks
4	Coaxial Runs/Jacks

Grand Total: \$996.00

PACKAGE FEATURES:

- Get direct Internet connections to devices that demand it, such as your smart TVs.
- Coaxial lines are ran directly to where your TVs are going so there's no need to attempt to hide the unsightly cable boxes.
- With a high speed WiFi access point you can rest easy knowing you don't have to worry about a signal that can't keep up.
- Included is a 16 port Internet switch. This piece enables up to 16 Ethernet cords, so future expandability will be no issue.
- This package gives your house the backbone a truly connected home needs.

NOTE:

- Depending on the size of the area that needs to be covered, more than one WiFi access point may be required for full coverage
- More/less cable runs may be added per customer request.

5.1 HOME THEATER PREWIRE

Get that home theater you've always dreamed of with the Cloudbusters 5.1 prewire package. With 3 in-ceiling speakers, 2 surround sound speakers all ran neatly and concisely to a wall jack next to your A/V system all you'll need to do is just plug in your equipment, and you'll be experiencing a true home theater setup.

Quantity Description
